Fresh graduate from Faculty of Psychology, Tarumanagara University with a keen interest in the field of Analytics. I'm a skeptic and a data-driven problem solver who enjoys trial and error.

## Work Experience

### Research Assistant

Mar 2023 - Jul 2023

*STS Research Group, Tarumanagara University*

Assisted in field researches in three different cities. Activities include field interviews, distributing questionnaires, and assisting in quasi-experiments.

- Worked as a team to create 2 measurement tools/surveys by translating and adapting existing ones, found from reputable scientific papers.
- Responsible for leading the data entry process of 600+ survey participants, which would then be curated, compiled, and processed using MS Excel, IBM SPSS, and JASP.
- Co-wrote 2 research papers that were published in an international conference.

### Intern

Jan 2019 - Apr 2019

*Kompas Gramedia*

Worked as a team to process scanned physical books into digital books or ePUB. Said process includes touching up book covers using Adobe Photoshop and arranging book layouts using Adobe InDesign.

- Successfully refurbished 100+ old book covers into marketable digital book covers.
- Successfully tidied up 100+ digital book layouts into a more pleasant reading experience.
